The Municipal Kannada Boys' School, Fort, Bangalore -

Being an important Kannada School in the City, the institution deserves to be maintained in an efficient state The time scale proposed for the teachers seems to be reasonable inasmuch as there is little scope for the transfer of teachers on promotion to other schools It is desirable that the Head Master should be a man of high qualifications, preferably an Intermediate man or one who has completed the course for the B A. Degree Examination It is also desirable that all the teachers getting a pay of more than Rs.15 should have passed the Matriculation or its equivalent or the Teachers' Certificate Examination of the Upper Secondary grade Similarly those getting Rs 15 or less should have passed the English Lower Secondary Examination or the Teachers' Certificate Examination of the Lower Secondary grade The necessity for the two additional teachers proposed is not clear There are 9 classes including 2 sub-divisions and these require 9 teachers and 1 Head Master Besides a Gymnastic Instructor, a Sanskrit Pandit and a clerk and Librarian are needed, total 13 hands The proposal however is for 15 hands

Chamarajapet Anglo-Vernacular School -

There are 231 pupils in this School, the Lower

NOTE.—Contn sheet

Lower classes being largely overcrowded. It is found that the number of classes to be maintained including sub-divisions should be 8 and these require 8 masters besides a Head Master At present there are only 6 teachers including the Head Master I think therefore that 3 more teachers are needed for this school

Aided Schools -

(1) The Mahadeva Industrial School gets a grant-in-aid of Rs.40 per month from the Education Department at present and I am not in favour of any extra grant now

(2) The Sarada Gurukulavasa Sanskrit Patasala which teaches Sanskrit from the Elementary to the advanced standard is serving a very useful purpose The grant of Rs 10 recommended for this school may be sanctioned At present it is getting from the Education Department only Rs 5 per month as grant-in-aid.

(3) The National Anglo-Vernacular School situated in Chowki Mutt, Cottonpet, is managed by a matriculated Head Master and deserves the grant of Rs 10 recommended by the Municipality At present it is not getting any grant from this Department

(4) In regard to the grants recommended for the remaining 3 schools, namely, Saradapatasala (Nagarthpet), Patasala in Rudragudi and Patasala in Ranasingpet,

Ranasingpet, the question may be put off for the present as it will have to be considered in connection with the introduction of the Elementary Education Regulation into the Bangalore City Of these schools, Saradapatasala(Nagarthpet) has already been receiving a grant of Rs.4 per month from this Department

14 I enclose a proposition statement showing the scale of pay to be fixed in the various schools mentioned in the Municipal President's recommendation From this it will be seen that the total additional charges on account of the revision amounts to Rs.1786 per annum as against a sum of Rs 2556 as recommended by the Honorary President of the Municipal Council The whole of this amount can be met from the Municipal Funds without any extra grant from the Provincial Revenue

SIR,

I have the honor to forward herewith for sanction of Government copies of the proceedings of the City Municipal Schools' Committee dated the 25th June 1913 and of the Municipal Council's resolution dated the 30th Ultimo, approving the Committee's proposals.

2. The Schools' Committee recommend an additional expenditure of ₹2556/- per year, of which ₹1896/- is to be met from the City Municipal funds and the balance of ₹660/- from the Provincial Funds. This expenditure is considered necessary in the interests of the spread of primary Education among children in the several parts of the City I therefore request you to be so good as to obtain the sanction of Government for the proposals contained in the Proceedings of the Schools' Committee and approved by the Council

3. The Municipal share of the cost will be met from the closing balance during the current year and separate provision made for the next and subsequent years in the usual course.

4. In my opinion, the whole question of Munici-

2.Read the revision of scales of the teachers as per docket No.2448 dated 9-6-1914 from the Municipal President.

Resolved (a) That this committee are of opinion that the observations of the Inspector-General of Education with regard to qualifications of teachers for the several grades are agreeable but they could only be given effect to in future appointments of teachers, keeping in mind the cases of deserving teachers in the existing staff.

(b) That the committee are also of opinion that the numbers of teachers Vis , 13 for the Fort Kanada School and 9 for the Chamarjpet A.V. School are also agreeable, but two more teachers are needed for teaching English in both the Schools according to the recent orders of the Government, and a peon on Rs7/- for Chamarjpet A V School.

In this connection the committee also wish to point out that they have been making adjustments between the two schools among the existing staff only according to periodical needs, and as a matter of fact one teacher from kanada Boy's School to A V School was lent about 3 years back. It is also found necessary to lend two more teachers to the A.V. Schools to the great inconvenience of the Kanada Boy's School.

(c) The committee also agree with the Inspector-General's views Madhava Industrial School on the question of the proposed t from the Municipality.

(d) That the committee while agreeing with the views of Inspector-General regarding Grant-in-aid proposals for other schools, wish to point out that compulsory education come into effect from the instant and that the amount of Grant-in-aid, Viz., Rs10/- recommended by this committee to each of the schools is not after all too much considering the famine rates that prevail, and also the useful purpose these schools are serving in their respective localities.

(e) That the committee are of opinion that the extra grant asked for by this committee from the Education Department is after all not much considering the responsibilities borne by the Municipal Council in equipping the two schools according to the recommendations of the Inspection staff from time to time The Inspector General might take this fact into his consideration and get his way to sanction the additional contribution prayed for The committee hope that after the recent liberal grant by the government to the department they will also be helped liberally out of the said Government Grant
